

ACTIVITIES FOR LITTLE SCIENTISTS

GRAPES

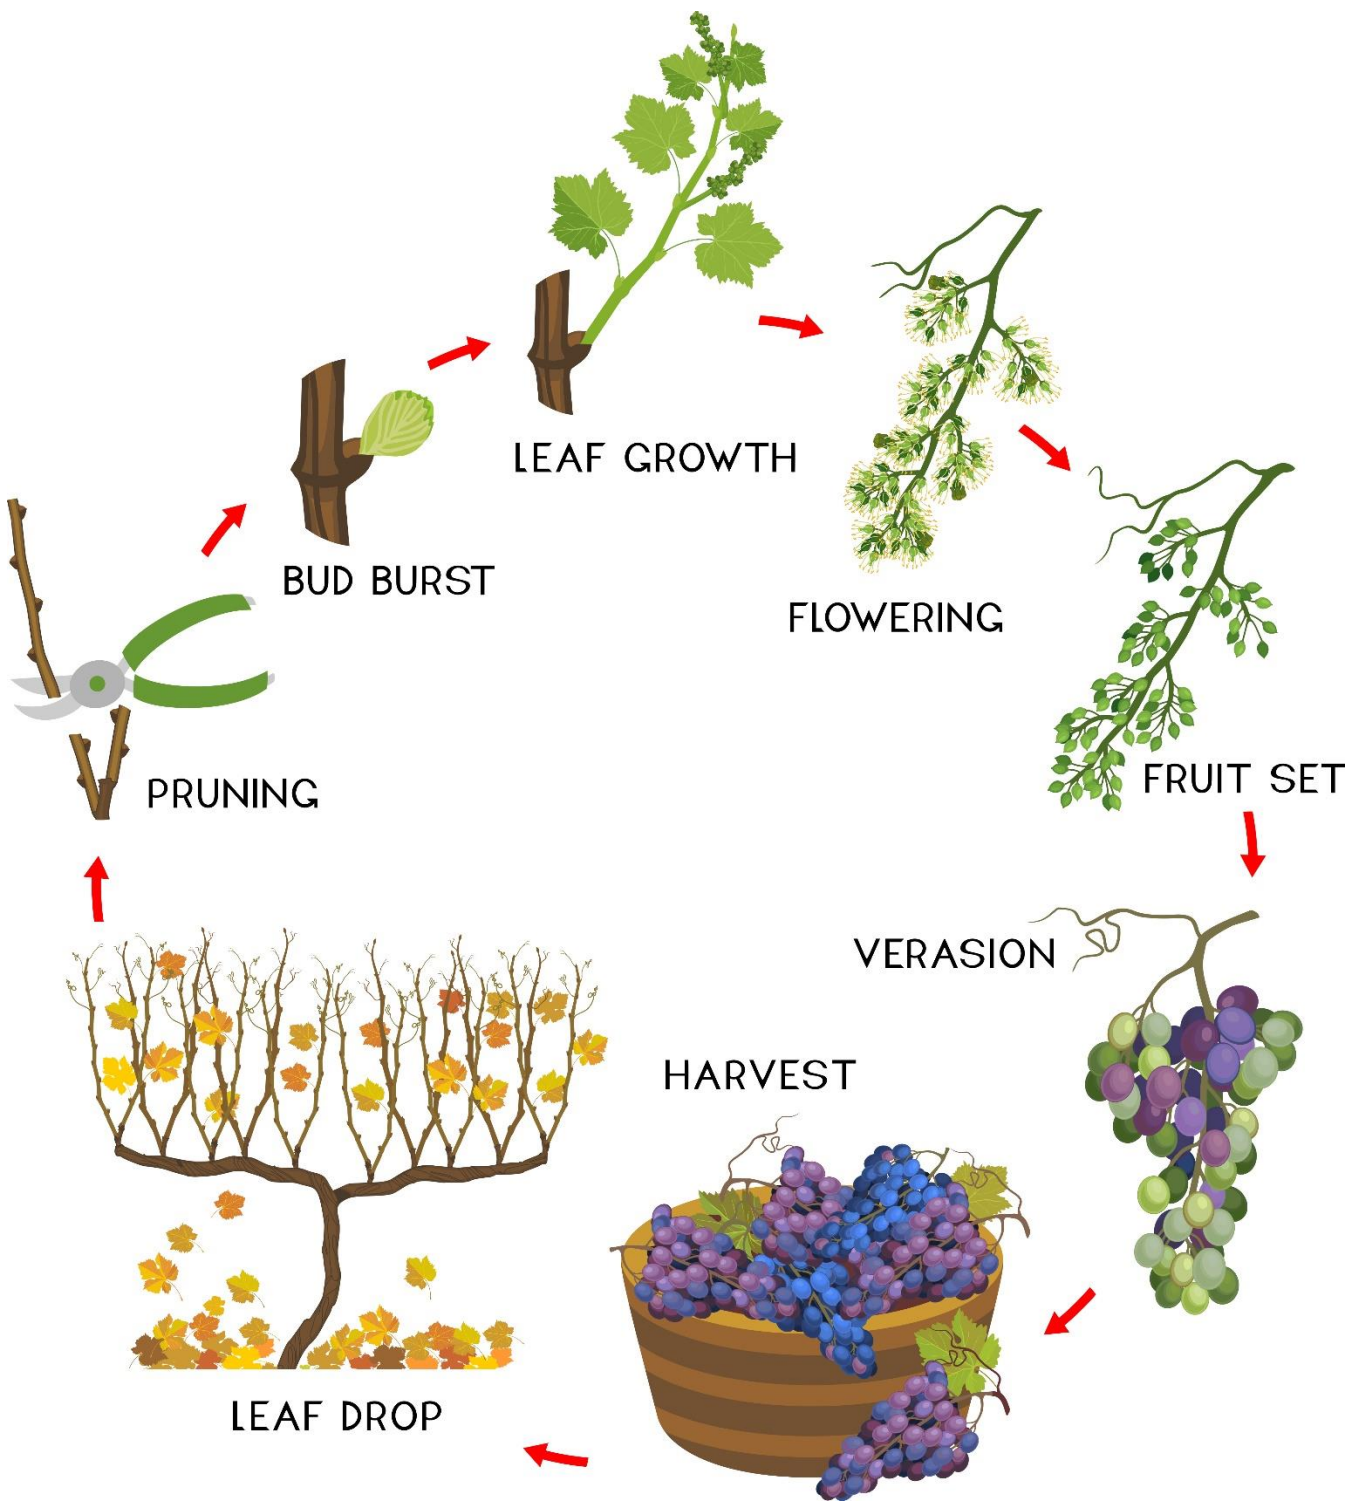

We will continue learning about fall and fruits that are harvested in the fall!

This week we will learn about grapes. We created several activities that will allow young children and students with special needs to learn about the life cycle of a grapevine, parts of a grape , and ways to use and preserve grapes.

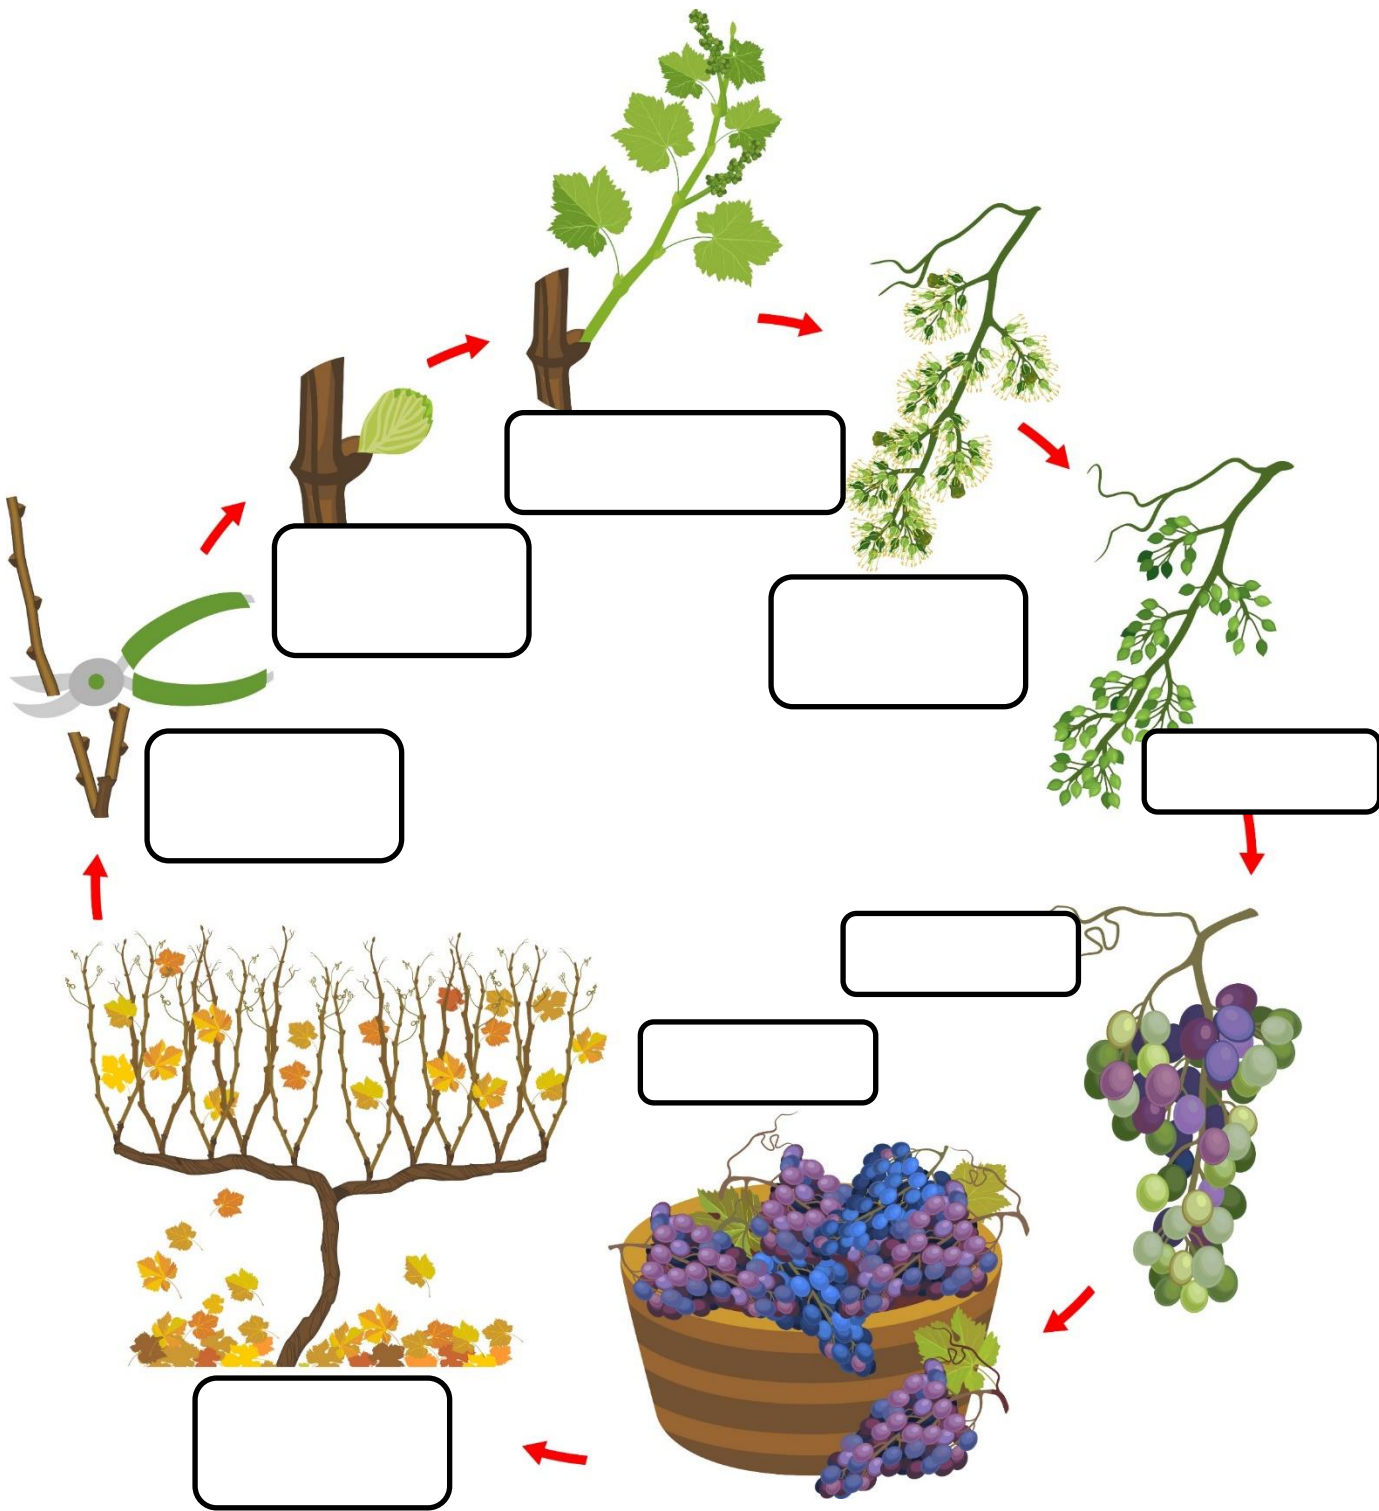

We recommend that you laminate these activities for durability and repeated use.

Life cycle of a grapevine

Life cycle of a grapevine

Leaf drop

Pruning

Bud burst

Leaf growth

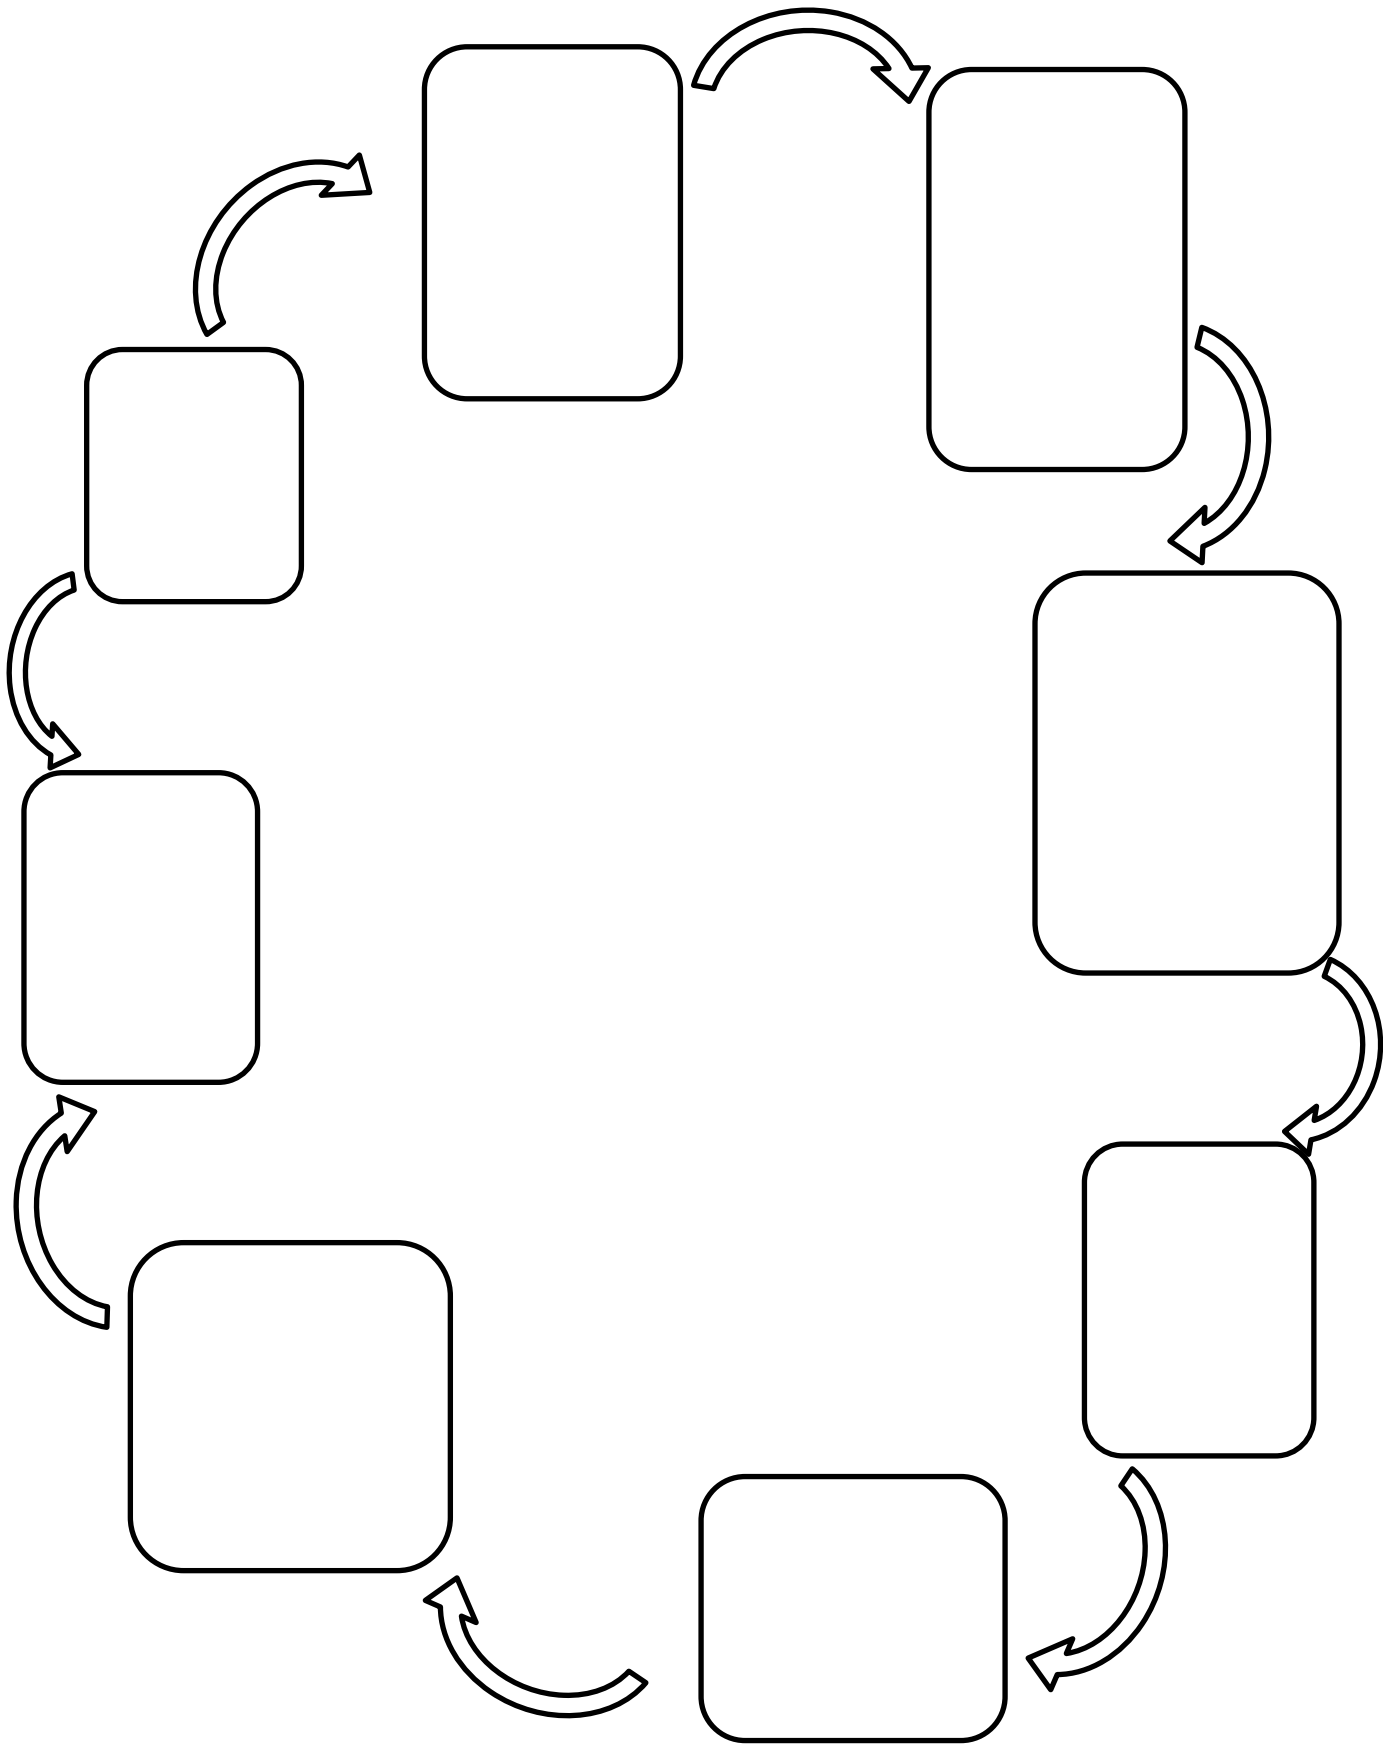

Flowering

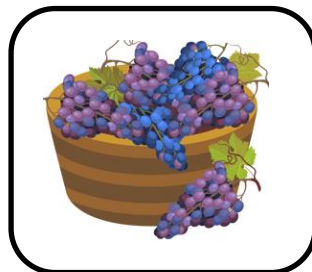

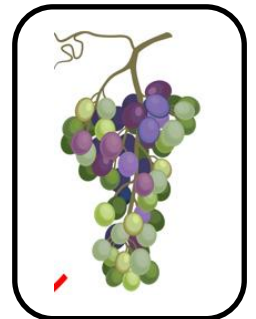

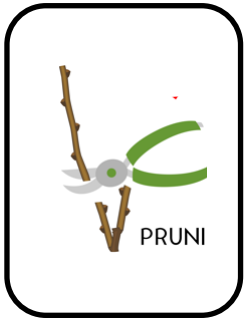

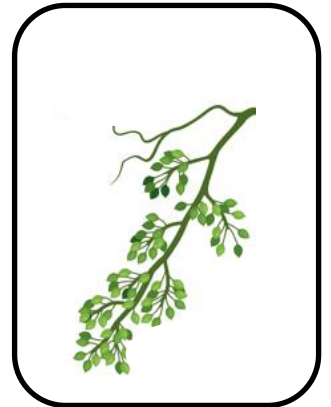

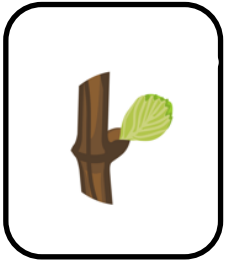

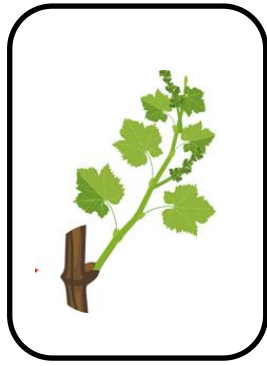

Fruit set

Verasion

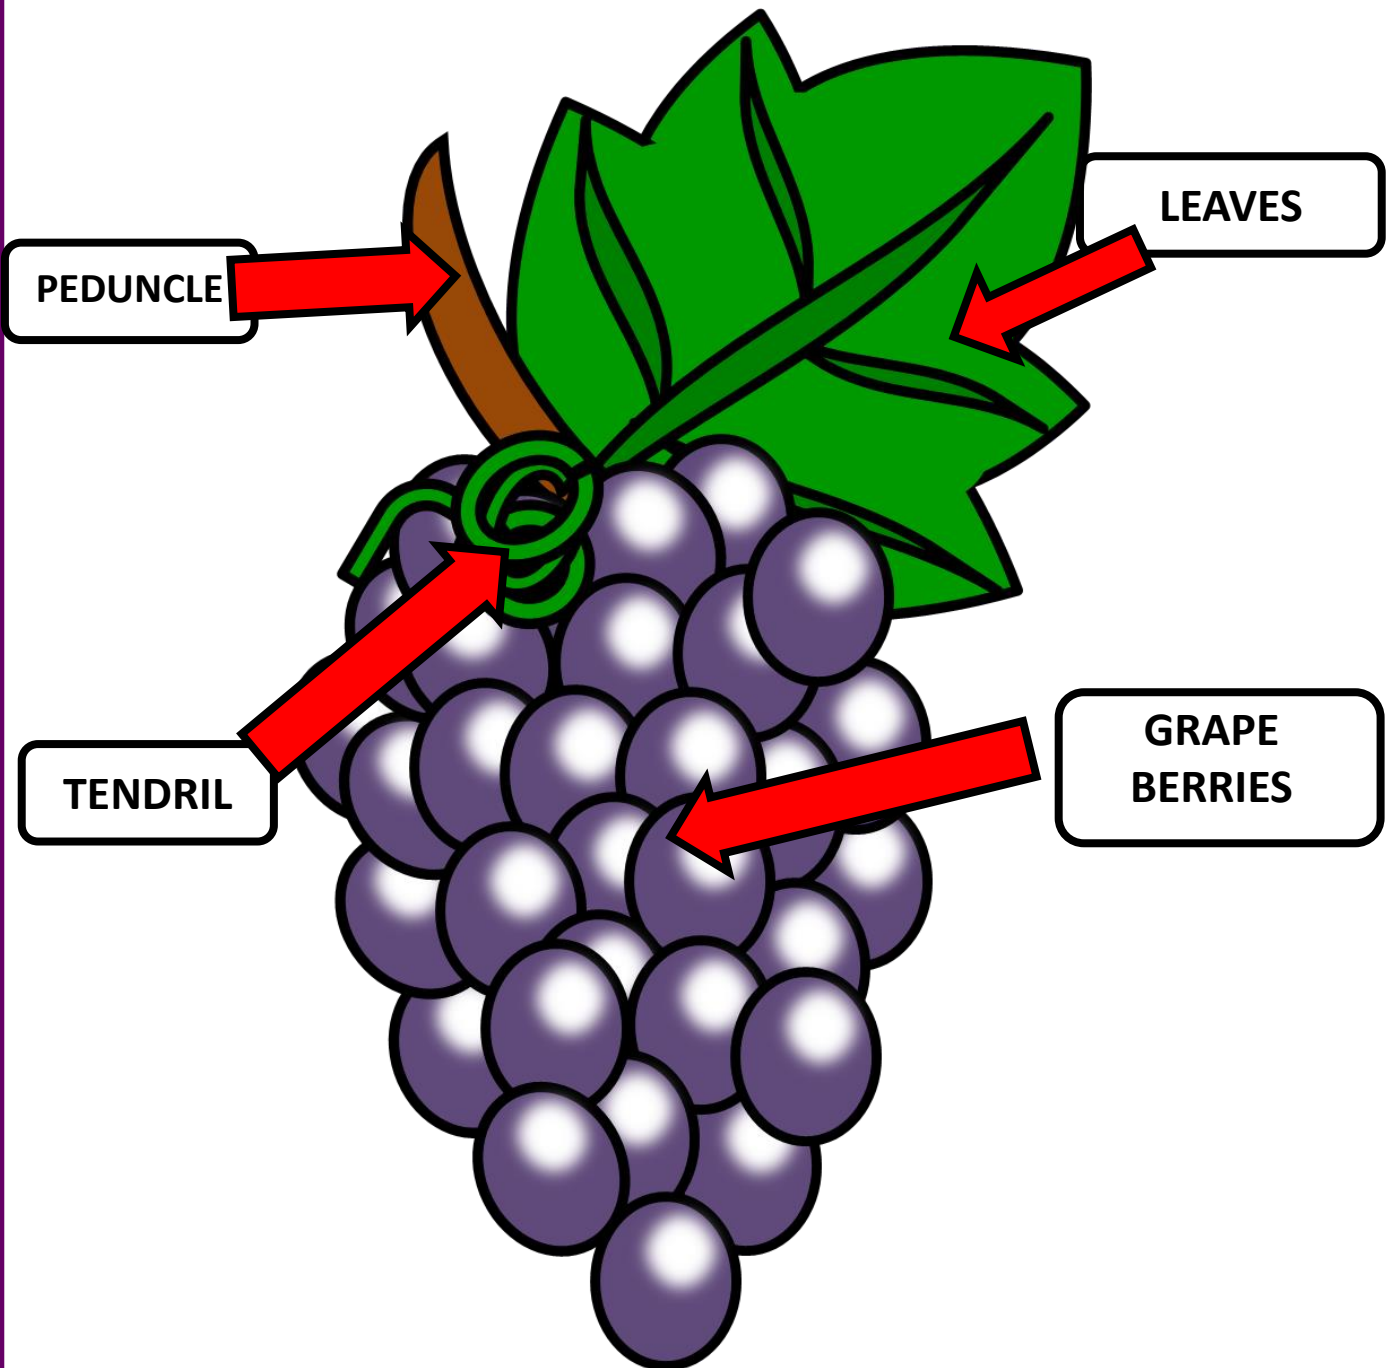

Harvest

Life cycle of a grapevine
